INFLUENZA IMMUNIZATION: HELPING TO PREVENT DISEASE IN ADULTS 50 YEARS OF AGE AND OLDER

Program Objectives

• Examine the medical burden of influenza and its economic impact in adults 50 years of age and older
• Explore the role that influenza can play in exacerbation of chronic conditions, leading to adverse outcomes
• Review clinical evidence of two influenza vaccines that were compared to standard-dose influenza vaccines in older adults

New Season. Same Threat. How Will You Help Prevent More Flu?

Sanofi Pasteur is excited to offer you and your practice the opportunity to participate in a series of LIVE national broadcasts on influenza prevention. Each 30-minute presentation will feature subject matter experts discussing topics that may include recent findings from the literature on influenza disease, as well as vaccine options for older adults. 15 minutes of Q&A will be offered following the presentation.

Available via Webcast Tablet Mobile

Dr John Russell is a frequent lecturer on primary care and family medicine topics, including more than 100 Continuing Medical Education programs on infectious diseases/immunizations, asthma, lipids, diabetes, and chronic obstructive pulmonary disease. He is the author or coauthor of multiple journal publications on family medicine topics, including adult immunizations, dermatology, and infectious diseases. Since 2014, he has served as the host of Clinician’s Roundtable and Book Club on Reach MDTM (SiriusXM®/iHeartRadio). Dr Russell lectures regionally and nationally on a variety of topics. In addition, he is a contributor to and reviewer for American Family Physician. He also serves as the cohost of the monthly American Diabetes Association podcast on diabetes, “Diabetes Core Update.”

In accordance with Sanofi Pasteur’s policies and the PhRMA Code on Interactions With Health Care Professionals, attendance at this educational program is limited to health care professionals. Value transfers to licensed health care professionals by pharmaceutical companies may need to be reported according to certain state laws, as well as Federal Sunshine Act provisions. This is a non-CME educational event. CME credit will not be offered for this program. Brought to you as an educational service by Sanofi Pasteur Inc.
